

Calligraphy gift tags

1. Practice your names and designs on rough paper first
2. Gift tags are more fun with a circular illustration!
3. Begin your tags with names - in pencil, then in ink
4. Turn your tags around to add a design around the edge
(so you don't smudge what you've written)

Curly place names for Christmas dinner

1. Write a name in the centre of your tag
2. Add a few stars and sparkles
3. When the ink is dry, use a paintbrush to curl each end - one up, one down!
